

## LAND INSPECTOR GAINS 20 POUNDS

Every Joint and Muscle Ached Before  
He Took Tanlac—Spry as Boy Now

"Well, sir, you can believe it or not, but I have gained twenty pounds in the past six weeks," said R. D. Hales, Land Inspector, 312 Silver St., Sturgeon's Creek, Manitoba, in a conversation with a Tanlac representative a few days ago.

"For years and years before I commenced taking Tanlac I had been in bad health and hardly saw a day that was free from pain and suffering," continued Mr. Hales. "My stomach was all out of order, and what I ate would sour and settle into a lump in my chest and burn like a ball of fire. I had lumbago of the worst sort, and if I stooped over and tried to straighten up again, the pains were so severe I just seemed to be wrenching every muscle in my back. I had rheumatism all through my arms, legs and feet and every joint in my body ached. My feet would swell so that I could hardly get my shoes on and my legs pained me until it was all I could do to walk. My joints would stiffen and hurt so bad it was agony if I tried to bend my arms and legs. I was subject to awful headache spells. I lost weight and strength and, in fact, I was in misery all day long. I hardly knew what a night's rest was, for I would lie awake for hours with every joint and muscle aching no matter what position I lay in."

"Several of my friends had recommended Tanlac to me so highly that I commenced taking it, and I could just feel my troubles leaving me and the pains easing up. And now since I have taken four bottles of Tanlac my stomach is in fine condition, and I can eat anything set before me without suffering the least bit afterwards. I haven't a trace of rheumatism in my body, my feet never swell up, and my joints don't stiffen any more. The lumbago has disappeared entirely and I am so active that I feel as spry as a boy. The headaches have also left me and when I go to bed I sleep like a log till time to get up. My lost weight and strength have come back to me and I am feeling better in every way than I have in many years. All praise is due to Tanlac, and as long as I live I can never say too much for such a remarkable medicine."

Tanlac is sold in Red Deer by Gaetz-Cornett Drug & Book Co., and by the leading druggist in every town.

## FIFTH SEMI-MONTHLY CROP AND LIVE STOCK REPORT

Edmonton, June 30th, 1920.

Crop conditions at the opening of July call for more than common emphasis. A brief review of the season's progress would take account of: Fine general moisture conditions over the province at the opening of spring; a later seeding than usual chiefly due to plentiful moisture. A fairly satisfactory conclusion of grain seeding owing to the supplementing of horse stock with handy tractors. The occurrence of limiting factors in Southern Alberta consisting of the partial blowing of sixty thousand acres north of Lethbridge, some damage by cutworms in the same area, some threatened damage by grasshoppers south of Lethbridge and slight droughts on the Calgary-Saskatoon line.

### LIBERAL RAINS

Moisture conditions continue to be wholly favourable. Good rains have occurred over the whole of the province during the past two weeks subject to slight delay in the blown area which needed it worst. Recently rains have occurred in this area also and there is going to be some revival of injured crop in this district.

### CROP WELL ROOTED

Temperatures as might be expected during the period of liberal precipitation have not been high. This is not a drawback to the experienced Alberta farmer. The wheat and oats have been getting well established for heavy fruitage. Fat cereals are not made in tropical fields. Following the establishment of the crop, warm weather has now set in and the growth is extremely rapid. Some of the spring wheat, both in Central and Southern Alberta, has reached a height of twenty inches. Oats are in all stages of growth from grain crop covering the ground heavily to green feed just standing through the soil, but in every case the crops are turgid and young shoots almost transparent with moisture. At the beginning of the season conditions were reported to be the best for five years and subject to very slight discount the progress of the crop carries on the same promise.

The provincial government has made careful provision for meeting the grasshopper trouble and a general organization to fight the pest has been promptly carried out and supplies of poisoned bait have been made available. Besides appearing in the district between Lethbridge and Calgary, grasshoppers have occurred as far north as Staveland. Damage from cutworms is worst around Inchant, and is serious in the "salted area." The only part of the province which appeared to suffer from a drought was the area tributary to Youngstown on the Calgary-Saskatoon line. Two weeks of dry weather was affecting the crop in this area to some extent but showers have partially relieved this trouble.

The Peace River country, which appeared to be unduly slow early in the season, is now favoured with warm weather and crops are coming along well.

### HEAVY FEED

Live stock every place is doing well and appears to be almost fully recovered from the lean winter. The grass in the south particularly is the best that has been seen on the prairie for ten years.

Chief Publicity Commissioner.

### Supplying the Demand for Royal Purple Calf Meal

This baby food for young animals is partially pre-digested, and can be fed to the youngest animals with perfect safety. It will not cause stomach or bowel trouble, which are serious ailments in young animals. Royal Purple is a sure preservative of food.

**Calves Gain Rapidly Without Milk**

When the calves are 3 or 4 days old they can be fed Royal Purple Calf Meal and raised just as well without one drop of milk. What prominent breeders remark: "Royal Purple is a great help to me. I think you have the best on the market, as people who have bought it give it great praise. Some have taken their calves off breast milk, and feed them nothing but your Calf Meal and water, and say they are doing as well on it as they did on the whole milk."

**To Whom I May Concern:** I have secured your "Royal Purple Calf Meal" from your agent, Mr. C. McKeen, of Lacombe, and I am an excellent breeder of calves. I have used other calf meal, but this one is the best I ever tried. I never saw a calf gain more rapidly and so healthy as the calves fed on your Royal Purple Calf Meal. I can cheerfully recommend it to all our stockmen who wish to raise large, healthy calves. Sincerely, W. Crook.

Note: The above Mr. Crook keeps a large herd of purebred Holstein cattle, and is an excellent breeder of calves. Royal Purple Calf Meal is equally good for young colts, lambs and young pigs. Put up in 25-lb., 50-lb. and 100-lb. bags. Secure it from our dealer in your town.

## THE PLATFORM OF THE NATIONAL LIBERAL AND CONSERVATIVE PARTY

The platform of the National Liberal and Conservative party, founded at the government caucus yesterday, is as follows:

**CITIZENSHIP**  
Firm adherence to British connection in full confidence that Canada will find its ample scope for development, usefulness and influence as a member of the British Commonwealth with the status of a self-governing nation equal to that of the other members. The maintenance of the autonomy of Canada and its existing rights and powers of self-government; the approval of the principle that no treaty, understanding or commitment which may involve the empire ought to be undertaken except after consultation and by common consent in the common interest.

Approval of Canada's membership in the League of Nations and a firm determination to maintain our recognized status as a member of the league.

The upholding by every means within the federal power of constitutional authority throughout the Dominion; the maintenance of parliamentary control over all legislation; respect for the rights and powers of the provinces.

#### CITIZENSHIP

The adoption of such measures as are necessary to maintain and protect the ideals of Canadian citizenship and cooperation with the provinces in their efforts to assimilate alien immigrants; the fostering of a Canada as opposed to any class or sectional spirit and the elimination of all ill-feelings that tend to destroy national unity and development.

#### NATIONAL POLICIES

Practical application of the principle that parliament and government exist to make and administer laws for all the people and not for any particular class or section to the detriment of the nation as a whole; the carrying out of policies that are in the national interest and to the effect and that look toward the growth and development of the whole of Canada and the prosperity and happiness of all its people.

#### THE TARIFF

A thorough revision of the tariff with a view to the adoption of such reasonable measures as are necessary—(a), to assist in providing adequate revenues, (b) to stabilize legitimate industries, (c) to encourage the establishment of new industries essential to the economic development of the nation, (d) to develop the fullest extent of natural resources, (e) to prevent the abuse of the tariff for the exploitation of our natural resources, and (f) to safeguard the interests of the Canadian people in the existing world struggle for commercial and industrial supremacy.

Apart from the question of revenue the tariff should be so framed as to maintain, stability and prosperity of Canadian enterprise in the development of all our natural resources (f) to develop the fullest extent of natural resources, as well as our agricultural and manufacturing industries. Consideration must also be given to the importance of creating and maintaining conditions that will afford to Canadian industrial workers the opportunity for steady and remunerative employment, and maintain proper and decent standards of living among our laboring population. It is undesirable that the true interests of Canada as a whole that Canadian workers should not be forced to seek in foreign countries employment and opportunity denied them at home by reason of the export of the natural resources, with which the Dominion is so amply endowed.

For the purpose of encouraging the further development of our natural resources the tariff should be so adjusted as to permit machinery and the implements of production to be purchased at prices that will compare equitably with prices in other countries for similar articles. The revised tariff law should be so framed and administered as to effectively prevent any customs duty being used to facilitate the formation or maintenance of any combine, trust, association or agreement among manufacturers, dealers or producers for the purpose, at the expense of the general public, of restraining trade, preventing competition or unduly enhancing the selling price of any article of commerce.

#### TRADE PREFERENCE

The principle of trade preference between the different parts of the British Commonwealth should be maintained and extended from time to time to such degree as will be found practicable and consistent with Canadian interests.

While a general revision of the Canadian tariff based upon the foregoing consideration is due, it must be recognized that, owing to the war, economic and commercial conditions the world round have been profoundly disturbed and that as a consequence it is neither practicable nor possible in the national or public interest to undertake such revision until a thorough inquiry has been made to ascertain the essential facts upon which the tariff provisions must necessarily be based.

The maintenance and continued application of the principle of free trade with a view to increasing the national revenue derived from this source, should be so adjusted that the burden may be borne by those most capable of bearing it. In devising methods of taxation and in fixing rates consideration must be given to the revenue necessities of provinces and municipalities and care must be exercised to avoid the creation of conditions which will encourage immigration or the investment in Canada of capital essential to our economic development.

**NATIONAL EXPENDITURES**  
Owing to the heavy financial burdens entailed by the war and resulting from railway policies adopted in previous years, the general national interest demands the utmost economy in every department of government and an efficient program of reduction of the war debt. All expenditures, including even those of a productive character, should be strictly limited to essentials. More comprehensive and effective

## THE WONDERFUL FRUIT MEDICINE

Every Home In Canada Needs "FRUIT-A-TIVES"

"To those suffering with Indigestion, Nervous Liver, Constipation, Stomach or Nerve Headaches, Neuritis, Kidney Trouble, Rheumatism, Pain in the Back, Eczema, and other skin affections, 'Fruit-a-tives' gives prompt relief and assures a speedy recovery when the treatment is faithfully followed. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa, Ont.

methods providing for the control of expenditure by parliament must be devised and adopted.

**NATIONAL RAILWAYS.**  
Recognition of the necessity under existing conditions of amalgamating and uniting the various railway lines owned by the Dominion with a view to eliminating duplication effecting economies in construction and administration.

Efficient, expert management and operation of the entire national railway system unfettered by partisan political interference.

The securing of a proper capitalization for the national railway system.

#### BIG NUMBER OF RIFLES SEIZED BY IRISH POLICE

Secret Session of "Irish Parliament" Passed Many New Decrees.

Dublin, July 2.—The police Thursday seized 600 rifles and a large quantity of ammunition in the Strathfield district of Donegal.

It became known yesterday that the "Irish Parliament" was in secret session here Tuesday and Wednesday and that decrees were passed authorizing the establishment of courts of justice and equity and courts of commercial jurisdiction. A national law commission was appointed. Another decree provides for the protection of persons who occupy land against vexatious circumstances.

#### LOAN OVERSUBSCRIBED

It was announced that the million dollar international loan had been over subscribed by \$250,000 when the loan closed.

The following message was sent to De Valera, "president of the Irish republic":

"The Daily Freeman, assembled in full session at Dublin today, unanimously reaffirmed a national law commission was appointed. Another decree provides for the protection of persons who occupy land against vexatious circumstances. It was announced that the million dollar international loan had been over subscribed by \$250,000 when the loan closed.

#### LONDONDERRY PATRIALITIES

Londonderry, July 2.—James Gray, who was arrested in connection with the killing of James O'Keefe, during the riots here, has been released on bonds. James Dobbins, who was shot and thrown into the river during the rioting, died yesterday.

## DIXON PILES UP ENORMOUS VOTE IN 'P.R.' SYSTEM

Winnipeg, July 2.—F. J. Dixon, labor and Hon. Thomas Johnston, government, were declared elected to the legislature from Winnipeg on the official count of first choices announced this morning. The total vote cast to the city was 47,427, the quota necessary for election being 42,125.

Dixon received 11,556 firsts and Johnston 4,336. Others secured the following votes: George Armstrong, 2,767; Cameron, 2,402; Haig, 1,593; Ivens, 1,521; Queens, 1,255; Mrs. Rogers, 1,541; Russell, 1,235; Tupper, 1,500.

On the seventh count Lawrence, Conservative, was eliminated, and on the eighth Johnston, socialist.

The present standing of the parties in the provincial elections last night was approximately as follows: Government, 18; Labor, 8; Farmers, 8; Conservatives, 7; Independents, 3; doubtful, 9; deferred 2. Total, 65.

## LIQUOR EXPORT AND IMPORT TO CONTINUE

The appellate division of the supreme court have held that the legislation passed by the provincial government with regard to the import and export out of Alberta of liquor is ultra vires of the powers of the local house.

The court divided equally after hearing the arguments presented by A. H. Clarke, K.C., for the attorney-general, G. A. Walker, K.C., for the Dominion Express Co., and A. McMillan, K.C., for the Gold Seal Liquor Co., and the case was re-argued on Wednesday in Edmonton, before Hon. Mr. Justice Hyndman, who has handed down a decision agreeing with the finding of Justices Beck and Ives that the act is beyond the powers of the local house.

The decision of the appellate court was received with rejoicing by the liquor interests in Calgary today. For the past two weeks the various wholesale liquor men have been "marking time," though they had taken the precaution to have revised price lists ready for mailing should the decision be favorable.

The stocks of liquor which were on hand when the closing order came into effect remain intact in the respective warehouses, while huge quantities are ready to be shipped for immediate shipment to Calgary to meet the expected heavy demand.

The decision of the court means that importation of liquor into the province will be continued as before the recent legislation. Hundreds of orders for points in British Columbia and Saskatchewan are in the hands of local wholesalers, and the next few days will doubtless be busy ones in this line.

## ROCKY MOUNTAIN HOUSE HOLD BIG CELEBRATION

The town of Rocky Mountain House was in gala attire to celebrate Dominion Day. The Agricultural Society, Mayor W. J. Kirby and citizens of the town and country, met together for a jubilee celebration and carried out a fine programme of sports, survival parade, dinner at the fair grounds, ball game in the afternoon, and dancing in the evening closed the pleasant day.

The parade was specially worthy of notice given it on account of the novel entertainment afforded. Mayor Kirby in a decorated carriage, accompanied by a colored coachman, led the parade, which in front of the Mount View Hotel, where, as each section of the procession filed by both single and in groups, explained to the crowds which lined the street the several character impersonations.

His speech was a very original one, and comic and fancy dressed character impersonations and stunts were the order of the day, prizes having been offered for the best. The floats containing school children dressed in white and bearing banners were very beautiful. The first float was from the town of Rocky Mountain House, and the nine sister provinces were seated, and the children trained by the town of Rocky Mountain House. The floats were very beautiful and the children trained by the town of Rocky Mountain House. The floats were very beautiful and the children trained by the town of Rocky Mountain House.

### SIR ROBERT BORDEN RETIRES

Regret is expressed in all parts of Canada at the retirement of Sir Robert Borden as prime minister of our Dominion. It has been said truly that a prophet is not without honor save in his own country. Yet this is not true of Sir Robert Borden, for although his name is honored and respected, not only throughout the British Empire, but throughout the whole world as one of the greatest leaders of the day, in this broad domain he is honored and revered as few men have been. Steady as a rock in time of trouble, he has piloted our young country through the most perilous times in our history. In the early days before the war, when we failed to see serious days ahead, it was he who saw the dark clouds on the horizon. He never spared himself during the years when the best blood of our young nation was being offered up as a sacrifice on the fields of Flanders for liberty and justice. And now, shattered in health, when peace reigns once more, and our people are slowly forgetting the sorrow and agony of those days, he is compelled himself to retire from active service. May a kind Providence spare him for many years yet of valuable service to his country, is the devout wish of the people of Canada.

### MILLIONS FOR THE FARMERS.

Farmers who held Canada Wheat Board certificates will receive fifty per cent. of the excess due them about the 15th of this month. This excess will be at least forty cents a bushel on every bushel of wheat sold, which will amount to many millions of dollars for the farmers of the west. Interviewed by the Canadian Press regarding the exact effect of the an-

ouncement, Sir George Foster stated that the exact price of last season's wheat crop would not be decided yet. Several million bushels had yet to be shipped out of the country, and the time the board would be able to make a 50 per cent. payment to wheat growers of the board, he mentioned that this would not be less than 20c per bushel. The balance would be payable when the marketing of last season's crop was completed, and not later than the end of the present year.

### MINDING OUR OWN BUSINESS

Under this heading, a leading journal of Minneapolis has the following pertinent remarks to make which goes to show that the thinking men across the life are pondering well the future possibilities of the great republic:

"The United States is a great Power, perhaps the strongest in the world, potentially if not actually, certainly having but a single peer, the British Empire."

When Washington wrote his farewell address, whose advice concerning foreign relations has long affected American policy, the United States was a minor power, with less than five million people, and possessing small wealth. In a world of big fish Washington was solicitous to give the little fish opportunity and time to grow.

The policy he recommended was admirably conceived to make the most of the advantages of physical isolation for a struggling Republic whose bricks were scarcely set in the federal mortar and whose every resource needed to be conserved. The policy has served the United States well, until the Republic has grown into one of the greatest Powers on earth, and now finds itself in a world wholly unlike what it ever was before.

To mind our own business, might be deemed the quintessence of Washington's counsel. But to mind our own business in 1800 was different entirely and much easier than minding our own business in 1920. What is America's business today? What concerns us vitally? Perhaps the answer can better be obtained by asking what is not our business? Armenia is not, we answer flatly. But no such flat negative can be assured concerning some European and Asiatic affairs. Each case as it presents itself is judged on its merits, true enough. But there are some ugly complications that might be anticipated, nipped in the bud by sagacious forecast and shrewd policy.

Asquithian "wait and see," Wilsonian "watchful waiting" may be good programs, when the road is uncertain. But there is nothing preventive in such a policy. Evil that can be killed off young, flourish like green bay trees if given time. They once could be cut down with a halting stick, but finally had to be blown out with dynamite.

What the thing comes to, is this:

The United States by intelligent policies can anticipate dangers and discount them, or by strict adherence to the letter of Washington's advice can stand while complications engender, and afterward, when the danger is at hand, smother it by main force. Dr. Ainsworth was advised to defend Denmark against Blomberg's rapacity. Prevention in 1864 might have saved Britain from war in 1914. But British statesmanship was committed to abstention from affairs of the Continent as far as possible. Palmerston and Disraeli were called Imperialists and jingoists, when they ventured upon interference. It was London's policy of abstention that permitted the growth of Germany into a world-peril. Before unwilling to undertake measures of prevention, Great Britain ultimately was forced to resort to measures of suppression.

What hits us, or is likely to hit us, is our business, no matter where the blow originates.

### MUNICIPAL DISTRICT OF PINE LAKE

The Council of the Municipal District of Pine Lake, No. 335, met at the Sandy Cove Hotel, Pine Lake, on Friday, July 2nd, with Reeve R. E. Fluke in the chair, and Councillors D. W. McKinnon, Jas. Darragh, C. L. H. Walde, E. P. Pley and John Reay in attendance.

The secretary reported that he had purchased four scrapers from W. Hammond, two for Division 2 and two for Division 4, and 1 scraper for Division 4 from the United Grain Growers, Limited. He also reported having made application for bridge material for a bridge at the north end of Pine Lake to be shipped by the Department of Public Works to Louisiana. Mr. Walde was authorized on motion to make application for material for a bridge on the township line between Sec. 1, Tp. 37, and Sec. 36, Tp. 38, and that the Department be asked to do the pile driving.

The question of taxes on the property of the late Mrs. E. S. Corbett was laid over to next meeting.

The Department of Public Works was asked to do the planking on the three small bridges which form a part of the approach to the Penhold bridge from the east.

The matter of the complaint of Mrs. Baird re. road and road work was left in the hands of Councillor Darragh.

The following correspondence was read: Letter from Chas. L. Greenham re. closing of old trail.

Petition from a number of residents of Springvale School District, asking that road be built beginning at the N.W. corner of 17-38-26-4 and leading in a direct line to the S.W. corner of the same section.

Letter from E. A. Kirk re. last year's hail insurance assessment.

The Reeve and Councillor Reay were appointed a committee to deal with the request of a road and report at next meeting.

Mr. Kirk's statement as to acreage under crop in 1919 was accepted and he will be required to pay for insurance on 78 acres only.

Robert Page appeared before the Council with reference to wild land taxes on part of N.E. Quarter of 18-38-26-4, containing 18 acres. He stated that of the 18 acres 10 acres were under cultivation, and asked that he be refunded the wild land tax for 1919, which he had paid under protest, and that the assessment of 1920 be cancelled.

J. E. C. Oldford appeared before the Council regarding the opening of a new road. Left with Councillor McKinnon to deal with.

W. Winter requested permission to close the road allowance on the east side of N.E. Quarter of 18-38-26-4. Mr. Winter agreed to put in gates. Left in the hands of Reeve Fluke.

Mr. Reay brought up the matter of a token of appreciation to be sent to ratepayers who have been over-assessed, and on motion of Mr. McKinnon, the Reeve and Secretary were appointed a committee to deal with the matter, and that soldiers entitled to refund or exemption be required to furnish a statutory declaration setting forth the fact that they were actually living on their land at the time of enlistment and giving dates of enlistment and discharge, and on presentation of such declarations at the next meeting, refund or exemption be granted. Carried.

T. P. Parson, Councillor for Division 6, M.D. of Arthur, 340, appeared before the Council and spoke at some length on the matter of co-operation, buying of bridge material, and the upkeep of the roads from Penhold.

Pay sheets 4 to 13, amounting to \$1590, and accounts amounting to \$872.19, were passed.

S. J. Heyward was authorized to close the road allowance between Sec. 23 and 26-36-26-4, and a portion of the road allowance between Secs. 23 and 24-36-26-4 leading into Second Line.

Mr. Heyward was authorized to go on the old trail for the public use; this during the pleasure of the Council.

Next meeting will be held in the Municipal office, Red Deer, Tuesday, July 27.

GIRL AFFLICTED WITH BLINDNESS FROM BIRTH SEES

Ottawa, July 2.—As an aftermath of the visit to Ottawa of J. M. Hickson, Church of England layman, who has earned for himself recognition as a "healer," one young girl, afflicted from birth with blindness, can see, and several other cases of physical ailments and disability have been reported cured or on the way to recovery.

Mrs. J. E. Higgins, 1065 Brown Avenue, who has been subject to epileptic fits for eleven years, is reported as absolutely recovered, and Mrs. Frank B. Jacques, 119 Bank St., is reported on the way to recovery after having suffered a nervous breakdown as a result of pain from a growth on her left eye.

THE DAYS OF REAL SPORT

Under the heading "From the Journal Sixteen Years Ago Today," the following item appeared in the Edmonton Journal of July 2nd:

"Calgary baseball team played Red Deer yesterday, and it is said, gathered in \$800 of Red Deer's money."

### LIBERALS GET FOUR SEATS IN WINNIPEG CITY

Conservatives Take Two Seats and Balance Goes to Labor and Socialists

Winnipeg, July 2.—At 2:35 o'clock this morning the following ten candidates were declared elected to the new legislature as members for the city of Winnipeg, under the proportional representation system of voting: F. J. Dixon, Labor; T. H. Johnson, Liberal; Wm. Ivens, Labor; J. T. Haig, Conservative; J. Queen, Social-Democrat; D. Cameron, Liberal; John Stovel, Liberal; G. # RED DEER FAIR

"THE FAIR OF CENTRAL ALBERTA"

**JULY 12 - 13 - 14, 1920**  
**MONDAY - TUESDAY - WEDNESDAY**

**DARE DEVIL WILSON—**

In his "Leap of Death" Dare Devil Wilson performs the most sensational, fearful feat ever accomplished or attempted, and is the one big thriller of our Fair. Climbing to the top of a lofty ladder, 72 feet in height, Wilson plunges head forward down to a short incline, alights on his chest, shoots out into space, and in another instant stands right up on his feet. He takes his life in his hands at every performance, as the accuracy with which he crashes on the hard wood chute at the bottom of the ladder, all turns entirely on the balance he uses in making the dive from the top of the ladder. Wilson is one of the five men who completed the "Congress of Dare Devils" which Al Ringling of the famous Ring Bros. Circus took with him on his trip around the world. On that tour he made his leap before every crowned head of Europe. All the other Dare Devils have since met with fatal accidents in their work.

**ZOLA DUO—**

Comedy Knockabout Acrobats. Creators of endless merriment by the newest of methods and the most grotesque stunts. This act is presented with snap and vim; they do most wonderful athletic feats interspersed with rollicking irrepressible fun that will change frowns to smiles and make you forget your cares, finishing their performance by building a pyramid of tables on the top of which funny balancing feats are attempted, which cause the tables to rock back and forth, and eventually fall over and crash to the ground.

**ED. ZOLA & CO.—**

An entirely new idea in comics, in a burlesque pantomime depicting an educated mule and his trainer. The funniest comedy situations are evolved as the mule performs feats never before seen in animal training. The entire performance is a delightful collection of crazy antics that in no way resemble a gymnastic act, yet the result is so foolish that it is a riot of laughter from start to finish.

**FOUR CASTING CAMPBELLS—**

America's Premier Comedy and Sensational Aerialists. A quartette of Athletes of exceptional performing abilities who will give a remarkable exhibition of aerial somersaulting and juggling of human bodies. Their entire act is blended with humor and eccentricities of the most laughable kind. They are absolutely in a class by themselves and their entire performance is one series of thrills. This act by its brilliancy and humor stands unrivaled as one of America's leading Fair attractions.

**THE BOUNCING CIRCUS—**

A tumbling, bouncing and bound contest on the trampoline which is the funniest thing that has ever been produced on a Fair ground. The fun becomes fast and furious as more difficult feats are attempted, and in the finish the best and speediest on record. No one is barred and anyone who thinks they can do this work is welcome to enter the contest.

MID-SUMMER  
HALF HOLIDAYS

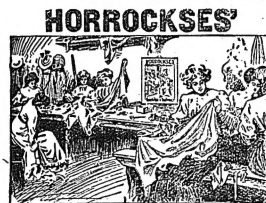

Following our established and consistent policy of suspending business during the summer months on Wednesday at noon in each week in which there is not a Dominion or other holiday, we announce the half-holiday period for this year, beginning the first of June.

## Fascinating Hats for travelling or afternoon occasions

Our Millinery Section is unusually interesting at this time with a lovely display of delightful hats for summer wear. There are hats suitable for wear for all occasions, charming hats in lovely pastel shades, hats featuring novel handiwork. A typically new touch is seen in the form of quaint embroidery. Novelty straws and braids are very much in evidence. For trimmings, one can select fancy and gaily colored flowers and fruits, ostrich, ribbons, etc. There are smart Panama hats in small and large shapes, also lovely models of Leghorn, Milan and Taegel straw.

FOR NEW STYLE IN HEROES

According to Lynn Reynolds, who  
directed Frank Mayo in "The Brute  
Breaker," Harry Carey in "Overland  
Red" and "Bullet Proof," and who is  
again guiding Mayo through the vivid  
action of "The Red Lane" at Universa-  
l City, the matinee idol type of  
motion picture leading man is fast  
passing away and will soon be ex-  
tinct, like suspenders, hip pads and  
moustache combs.

"The motion picture audience to-  
day," recently remarked the director,  
"wants real men for its heroes. Good  
looks are far from being a drawback,  
but masculinity is the main essential.  
Curly hair is not as important as  
muscular biceps and a well modeled  
nose is not so much an asset as a firm  
jaw."

"The pretty boy who was so much  
in demand in the early days of the  
silent drama now finds himself out of  
luck. He must now go back to the  
ribbon counter or the musical com-  
edy chorus and make way for the  
"Herman," who hugs like a grizzly and  
makes love as if he really meant it.  
The audience no longer takes serious-  
ly feats of super-human strength per-  
formed by a young man with a Cupid  
bow mouth and a dimpled chin. They  
want men who cannot only act, but  
back the part with the play."

Frank Mayo and Harry Carey are ad-  
mirably fitted for strong, virile roles,  
because that's the sort of men they are  
in real life, and both had scored huge  
success on the dramatic stage before  
going into the shadow drama."

Hops at Calgary have been selling  
around the price of a week ago with  
sales at from \$18.75 to \$19.00. Friday  
they sold at \$18.50 to \$18.75.

Firmness is noted on the Edmonton  
market and the quotations are hold-  
ing unchanged from last week, and  
sales at \$18.50.

Prices are ranging lower and with  
receipts of killing quality stock and  
er light, there is not much interest  
in the market. Judging by the exhibi-  
tion of sheep at the Calgary fair there  
will be fine exhibits in the province  
this year.

There is not much action in the  
Edmonton market either and the com-  
mon lambs are quoted from \$10 to  
\$11, while ewes are quoted around  
\$9.

Prices ruling at the big auction held  
at the Calgary stockyards today are  
not available as "The Examiner" goes  
to press. There has not been much  
inquiry at the sale barns during the  
week, but some sales were made at  
moderate prices.

Fine weather and the approach of  
the new crop in the states are having  
their effect on the market and there  
has been a weaker tendency during  
the week. Alberta is generally in  
good shape, though there has not been  
as much rain during the past week as  
previously.

Cream prices are again lower and  
at creameries the price is now 53, 50  
and 47c, with the price at cream sta-  
tions 4c under these quotations. Milk  
quotations have not been brought  
down to a summer basis in the Cal-  
gary district, with the price \$3.50.  
Creamery butter is unchanged and  
the market outlook uncertain. Dairy  
butter coming in freely and good prices  
for the wool grades. Potatoes are  
somewhat scarce, but the demand is  
not very keen and country point quo-  
tations are from \$75 to \$85.

No reliable quotations yet avail-  
able on wool and everybody is advis-  
ing wool growers to hold until mar-  
ket is stabilized.

Hides—Furs  
No movement in hide market and  
old prices are still effective. Tanners  
still keeping out of the market and  
no sales are reported.

Manufacturers are still neglecting  
the market and it is not likely there  
will be any action for a month or six  
weeks.

inquiry at the sale barns during the  
week, but some sales were made at  
moderate prices.

Fine weather and the approach of  
the new crop in the states are having  
their effect on the market and there  
has been a weaker tendency during  
the week. Alberta is generally in  
good shape, though there has not been  
as much rain during the past week as  
previously.

## Meet Miss Brunswick at the Exhibition

She is listening to the wonderful TONE of the Brunswick—produced by the exclusive ULTONA and the ROUND ALL-WOOD HORN.

You will like the Brunswick just as much as she does, because what pleases you most in music is TONE.

And it is in TONE that the Brunswick surpasses all former achievements, as well as in versatility and superfine cabinet work.

Make it a point to visit our store while attending the exhibition.

### THE COMMERCIAL CAFE

The proprietors of the Commercial Cafe are to be congratulated on their splendid enterprise in still further renovating and improving their premises. They have installed two huge electric fans which should keep the cafe cool and comfortable, and they have otherwise fitted up the private apartments with new stained glass partitions until they are second to none in the province. They are also painting and decorating the outside of the premises. They are entitled to a full share of public patronage for their enterprise and confidence in Red Deer.

### JULY 12 AT RED DEER

The local Orangemen are expecting the largest crowd in Red Deer at their celebration on Monday, July 12, that the city has ever seen, as they are meeting with the support of practically all Orange lodges to the north, and as far south as Oida. Clive, on the La-combe branch line, will also come in a body, and the several lodges at Edmonton will journey down to Red Deer on that day. It will be up to the citizens of Red Deer and immediate vicinity to help out in decorating for the 12th, and also to lend their support financially, if need be. Let Red Deer show the visitors of the day that they can compare with the best of them in entertaining and giving the visitors a jolly time. A special train will be procured on the north line, announcement of which will appear later. For sports programme, see ad. on page 9 of this issue of the Advocate.

The families of Mrs. Hugh Clarke, Mrs. W. E. Payne, Mrs. Geo. Lindsay, Mrs. A. H. Joyce, Mrs. N. M. Burnett, Mrs. John Quigg, Mrs. (Dr.) Huestis, Mrs. E. Howlett, Mrs. L. J. Porter, will spend July 10-12 at Sylvan Lake. Mrs. H. L. Gaetz is the guest of Mrs. Quigg. Mr. A. H. Joyce has built a spacious cottage on the lot near Judge Mahaffy's at the Lower camp, and Mr. Burnett has also built on the lot near Mr. Quigg.

### Old-Fashioned Baked Beans

There are no new ideas in Quaker Brand Baked Beans.

Your Mothers and ours followed the same recipe, and their baked beans were better than any patent process can turn out.

We can use the old-fashioned Tomatoes because our home folks always wanted catsup with baked beans.

TRY QUAKER BRAND JUST ONCE.
